The primary purpose of the meeting rooms of the Crockett Public Library is to provide space for library related activities. The needs of the Library will take precedence. The Library reserves the right to cancel or reschedule any meeting.

When not required for library related programs, other groups may use the Meeting Rooms subject to the following regulations:

1. Availability & Use:

Meeting rooms are available during regular library business hours, subject to the stipulations below, to educational, recreational, cultural, civic, social, religious, professional, or other nonprofit organizations, or to persons volunteering as tutors for the benefit of the people of the system’s service area.

The meeting rooms are not available to non-library groups or individuals for the promotion or sales of services or products, active fundraising, political endeavors, or for conducting classes for profit.

Businesses may use the meeting rooms for interviewing or training purposes only. No use of a meeting room shall be permitted or allowed to continue, that disturbs the library’s primary

functions and operations.

No admission or attendance charge or required donation may be assessed by any non-library group using a meeting room. Groups using the meeting room shall vacate the room at the time stated on their “Meeting Room Application and Agreement.” Rooms may be available before or after hours by special permission of the director or designee.

2. Scheduling Room Use:

The director or designee must approve all reservations. We reserve the right to refuse any application. A representative of the group should complete and sign a “Meeting Room Application and Agreement” prior to the meeting date.

A group that does not vacate by the time stated on the “agreement” may incur a fee of \$10 per hour, or any part of an hour, unless they make arrangements for the extra time before their meeting started.

A group using a meeting room more than once for the same purpose need only complete the “agreement” annually; a copy of the completed “agreement” will be kept on file at the Library.

3. Food/Beverages:

Refreshments may be served in the meeting rooms, but are restricted to the Meeting Room and are not permitted in other parts of the library except during library sponsored events.

4. Room Setup:

Groups are responsible for setting up the meeting room to suit their needs including arranging the chairs, tables, and other equipment. They are responsible for returning the room to its original state following the conclusion of their meeting.

It is highly recommended that users provide their own audio visual equipment when possible.

Room must be returned to the original condition.

Library Computer Usage Policy

Internet resources available in the J.H. Wootters Crockett Public Library are provided by the City Of Crockett through a Cable connection to patrons wishing to access the Internet.

Patrons are limited to one hour per patron per day on the computer.

If you are in the middle of a project, you may request extra time at the front desk.

It the countdown timer goes under 3 minutes we cannot add time to the session.

Parents or guardians must give written permission for children under 18 to access the Internet.

Because filtering software may not be 100% effective, parents are expected to exercise control over their children's internet access.

The Internet is a forum for many people and cultures. Not all sources on the Internet provide accurate, complete or current information. Patrons are asked to please try to be vigilant and to avoid sites that may make them uncomfortable. There is no control over the subject matter on the Internet. The Library cannot have complete knowledge of what is on the Internet. Internet users should be advised that security is technologically difficult to achieve electronic transactions and files can become public.

As with other Library resources, providing access to electronic information does not imply sponsorship or endorsement by the Library. It is, therefore, left to each user to choose what is individually appropriate and for parents or legal guardians to assume responsibility for their children's use of the Internet.

Internet Access Rules

1. Patrons are granted internet use on an honor scale.
2. The time limit on a computer is one hour per patron per day. Additional time may be granted by library staff unless other patrons require use.

We do not allow large files to be transferred for it slows down the internet speed for everyone. If you upload or download without staff approval, your computer time will be terminated.
4. Library staff will be monitoring use of internet workstations to ensure compliance with this policy. Staff may ask users to remove themselves from the Library if they observe any behavior that they judge to be in conflict with this policy. Misuse or abuse of Library computers or internet access will result in suspension of Internet access and Library privileges.
5. The use of messenger service or chat rooms is not allowed.
6. No more than two people are allowed at the same PC at the same time.

Selection Of Materials

Selection and purchase of library materials rests with the library director who may delegate some responsibilities to other staff members. The recreational, educational, and informational needs of the community will be considered in selecting materials.

The Crockett Public Library does not attempt to acquire textbooks that support local curriculum or home-schooling curriculum but they may acquire textbooks for general use by the public. Multiple copies of popular books (e.g., bestsellers, resume guides, drivers ed.) may be purchased to meet demand.

The library will attempt to have information available in a variety of formats, (book, non-book, pamphlet, magazines, etc.) when available and practical. Generally, only one copy of materials in other formats (audio books, videos) will be purchased unless long-term high demand is anticipated.

Video and audio recordings will be selected for potential long-term use to meet general interests.

Materials that no longer meet the needs of the community and no longer support the library's collection will be withdrawn and disposed of in accordance with the library's "Deselecting of Materials" policy.

Objections to items in the collection can be addressed ONLY by patrons or residents of Houston County by completing a “Statement of Concern” form available at the front desk. Objections must be made in writing and will be reviewed by the library director.

Deselecting Of Materials

Decisions will be based on accepted professional practice, such as those described in The CREW Method published by the Texas State Library in 1995.

When necessary, local specialists will be consulted to determine the continued relevance and reliability of materials.

Items withdrawn from the collection will be disposed of in accordance with local law which permits discarding into the trash, recycling of paper or sale by the library.

Items may not be given directly to individuals or groups unless they are a non-profit organization such as S.H.A.R.E. or the Women’s Shelter.

Discarded magazines and newspapers may be given to schools or recycled at the discretion of the library director.

Confidentiality

Library records include patron registration data, circulation records, overdue and reserve records, participation in library sponsored programs, record of library visits, and/or any data that contain information that links a specific patron to specific materials or services used. Each patron has individual control over his or her borrower’s card and presentation of the card permits access to information about the borrower’s current circulation record. Except during the actual period of transaction (circulation, maintenance of record on unpaid fines, reservation of materials), the library will not maintain a record of transactions. When no longer needed for library administration purposes, records will be expunged.

In compliance with the September 1, 1993, Texas Open Records Act which protects the confidentiality of the records of any library or library system which is supported in whole or in part by public funds, that identify or serve to identify a person who requested, obtained, or used a library material or service, no information will be released to any person, agency, or organization, except in response to a valid court order or subpoena, properly presented to the library director.

Nothing in this policy shall prevent authorized library personnel from using library records in the administration of their regular duties.
